

# The First Fleet

Name: \_\_\_\_\_ Date: \_\_\_\_\_

## Supplies

The First Fleet would be sailing for nine months, and when it arrived in Australia it would be setting up a permanent colony. A lot of supplies

were brought along including:

- Food
- Water
- Livestock
- Tools
- Bricks
- Seeds and plants

There was even a pre-made house brought over for Australia's first governor, Captain Arthur Phillip.

What kind of foods might the First Fleet have brought with them? Why?
